PITLESS ADAPTERS

- Features of Snappy & Bulldog
- SNAPPY - Cast Iron, Galvanized
- BULLDOG - Brass
- SNAPPY & BULLDOG O-ring Selection Guide
- BRASS Slide Pitless Adapter
- BRASSY Pitless Adapter
- Domestic Weld On Pitless Adapter

The Snappy is manufactured from lead-free galvanized cast iron and the Bulldog from brass. Snappy and Bulldog pitless adapters are certified under the standards of the Pitless Adapter Division of the Water Systems Council (PAS-1) Snappy pitless adapters are available for well sizes from 4" to 6 1/4" I.D. Bulldog pitless adapters are available for well sizes 4" to 6" I.D. Both are for drop and delivery pipe sizes of 1 and 1-1/4 inches. The Brass Slide Adapter is a slide type pitless adapter for well sizes 5" to 8" I.D. Our Weld On Pitless Adapters are made of steel and are for 4", 5", 6" I.D. and 7" O.D. wells. Brassy Pitless Adapter offers a 2" drop and delivery and has the same features as the brass slide pitless adapters and is for 8" wells
